WARRANTY BOOSTER GUIDE

GET COVER FOR ITEMS NOT COVERED BY YOUR *OEM WARRANTY

Not all components are covered by the **OEM** warranty for the full term of the warranty.

Get a Warranty Booster to keep you covered for longer.

***OEM** is the original equipment manufacturer of a new vehicle, who manufactures the original parts and components used during the construction of your vehicle. In certain countries, the **OEM** is often represented by an Importer of a specific brand of vehicle.

WHAT IS A WARRANTY BOOSTER?

This warranty provides you with additional cover on selected components that have limited cover, or are excluded from the **OEM** warranty in the event of unexpected mechanical or electrical failures of your vehicle. This warranty is applicable to all new passenger and light commercial vehicles and runs concurrently with the vehicle's **OEM** warranty for a period of 7 years or 200 000 kilometres, whichever happens first.

BENEFITS

- Takes care of unexpected mechanical and electrical malfunctions or failures
- Qualified Hyundai technicians and genuine Hyundai parts
- Fixed, affordable monthly cost
- Can be transferred to the next owner and increase resale value

ELIGIBILITY

The policy covers all new passenger and light commercial vehicles with a maximum gross vehicle mass (GVM) of 3 500kg that have a 7 year **OEM** warranty at the date the vehicle was purchased.

New passenger and light commercial vehicles are those that are less than 2 years old and have done less than 40 000km at the time the policy was purchased.

WHEN DOES THIS WARRANTY START?

This warranty starts on the date of first registration of the vehicle, which is the same date that the vehicle's **OEM** warranty starts and both the **OEM** and this Booster Warranty will be active at the same time.

Should this warranty be purchased when the vehicle is less than 2 years old or has travelled less than 40 000km, the warranty will only provide cover from the date of purchase of the warranty until the vehicle is 7 years old or reaches 200 000km on the odometer, whichever happens first.

COVERED COMPONENTS

Subject to terms & conditions of the underlying OEM warranty

- Air conditioner
- Clutch
- Battery
