

Warranty Booster Guide

Get extra cover for items not covered by the Hyundai 7 year Warranty

Warranties protect your vehicle against major, unexpected mechanical breakdowns and electrical failures (such as engine or gearbox failure) that are not provided for by Service or Maintenance plans.

What is a Warranty Booster?

This policy provides you with extra cover on selected components that have limited cover, or are excluded from the standard Hyundai manufacturer warranty in the event of unexpected mechanical breakdowns or electrical failures. For example your Hyundai's battery or clutch.

If this warranty is still valid it can be transferred with the vehicle's manufacturer warranty to the subsequent vehicle owner.

The Warranty Booster is not a Service or Maintenance Plan. A Service Plan provides for your vehicle's specified services. A Maintenance Plan provides for your vehicle's services and specific wear-and-tear items like brake pads, shock absorbers and wiper blades.

How do you benefit?

- Extra cover for components not provided for
- Extend the period of cover for components
- Qualified Hyundai technicians and genuine Hyundai parts
- Affordable monthly payments
- Payments may be incorporated into monthly vehicle instalment

Your vehicle is covered within the borders of the Republic of South Africa (RSA). The policy is subject to the exclusive jurisdiction of the South African courts, and any payment will be in South African currency. If your vehicle is damaged outside of South Africa, it must be brought back into the country at your own cost.
